MAKROLON® HYGARD MS1250 Polycarbonate Security Glazing Sheet Meets UL752 Level 6 Ballistic Performance Rating

Sheffield, MA - January 12, 2009 - Sheffield Plastics Inc., a Bayer MaterialScience Company has introduced MAKROLON HYGARD MS1250 which complies with the requirement of UL752 Level 6 ballistic rating (high speed 9mm Uzi). MAKROLON HYGARD MS1250 is the newest addition to Sheffield Plastics' high performance Security and Detention product line which includes four containment grade/forced entry products tested to HP White TP0500.02 and ASTM F1233 plus four ballistic rated laminates specified as UL752 Level 1, 2, 3, and 6.

MAKROLON HYGARD MS1250 offers protection in high level ballistic security applications and is a superior alternative to glass laminate products at approximately half of the weight. MAKROLON HYGARD Glazing Sheets also feature a hard coated surface which provides enhanced protection against abrasion, UV degradation chemical attack and graffiti.

The manner in which you use and the purpose to which you put and utilize our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations are beyond our control. Therefore, it is imperative that you test our products, technical assistance and information to determine to your own satisfaction whether our products, technical assistance and information are suitable for your intended uses and applications. This application-specific analysis must at least include testing to determine suitability from a technical as well as health, safety, and environmental standpoint. Such testing has not necessarily been done by us. Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale which are available upon request. All information and technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed that you assume and hereby expressly release us from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with any claim of any patent relative to any material or its use. No license is implied or in fact granted under the claims of any patent.
